JESUS THE ETERNAL VERB Back in elementary English class, we learned the difference between noun and verb. A noun describes a thing, a verb describes action. All too often we think of God as a noun, when in reality God is an ever-active verb. Jesus speaks of this when He explains the Eucharist. In inviting us to feed on Him, He is giving us the chance to be at one with Him, so together we can carry out the actions of God. What an awesome thought! In accepting His invitation to share His Body and Blood, we do not become, we begin, acting to fulfill our purpose on earth. In proper partaking of the Eucharist we experience an explosive action, God bursts upon our hearts with His real Presence and real Power.

BODY & BLOOD OF CHRIST

And what do Christians bring to the Eucharistic celebration and join there with Jesus' offering? Their lives as Christian disciples; their personal vocations and the stewardship they have exercised regarding them; their individual contributions to the great work of restoring all things in Christ. Disciples give thanks to God for gifts received and strive to share them with others. That is why, as Vatican II says of the Eucharist, *"if this celebration is to be sincere and thorough, it must lead to various works of charity and mutual help, as well as to missionary activity and to different forms of Christian witness"*
